Comments:

5/28/2004 - Letter sent closing and retiring file. Closure by DOGM does not relieve operator of any responsibility the USFS may have. If not already done, he should contact them to recieve their official release as well.

5/4/2004 - Site inspection performed per operator request to close file. It was determined that no change to the site and the file should be closed.

1/7/2004 - Received 2003 annual report. Mine inactive. Nothing done, no future plans. (Note: Operator requested inspection in 2003).

8/4/2003 - Received request to inspect and close file in lieu of paying permit fees.

1/16/2003 - Received 2002 annual report. Mine last active in 1987? Plan to explore in upcoming year.
